

CORONAVIRUS DENTAL OFFICE SAFETY PROTOCOLS

We want to reassure you that we continue to make every effort to ensure the safety of our patients and staff. Our dental office always has been - and will continue to be - one of the safest places to be. Our team members have always strictly adhered to, and exceeded the standards for, infection control.

We will continue to follow the CDC's recommended guidelines, including but not limited to:

Wearing personal protective gear and removing replacing it in between patients

Using hospital-grade disinfectants

Practicing the latest sterilization protocols

Utilizing single-use disposable materials

Increased frequency of hand washing

Limiting the number of people in the practice and practicing social distancing

Checking team members temperatures throughout the day

We will continue to disinfect all areas that each patient comes into contact with after each patient visit, including but not limited to all counter tops, equipment and dental chairs

GIVEN THE CURRENT SITUATION, WE HAVE ESTABLISHED ADDITIONAL SAFETY PROTOCOLS TO MINIMIZE THE RISK OF INFECTION FOR BOTH YOU AND OUR TEAM:

We ask that if you have any symptoms associated with either the Coronavirus or the flu, to please reschedule your appointment. If you have been in contact with anyone who has had symptoms consistent with the Coronavirus or the flu, we ask that you please reschedule your appointment. To see what the symptoms of the Coronavirus are, please visit [CDC Covid Self Assessment](#).

We ask that you wear a mask or face covering while in the office - with the exception of when you are in the dental chair and are asked to remove them. We request that you please bring a mask or face covering with you.

When you arrive - and before you leave - you will be directed to a sanitary hand washing station to wash your hands.

For parents or guardians of minors: only one (1) adult may enter the office with one or more minor patients. This allows us to adhere to the "social distancing" guidelines.

We will no longer have toys, books, and magazines available in our waiting room, but you are welcome to bring your own with you.

We thank you for your understanding and patience. The safety of you and our team is our primary concern.
